

HELLO !!

As your new Secretary/Treasurer I would like to introduce myself. My name is Cheryl Schuldt and my family and I live in Jordan, MT. I assumed my duties in January and have been very busy since then learning the office procedures and processing papers in the comfort of my new office chair! I look forward to meeting the TARGHEE breeders that I do not know and seeing those of you that I have already met.

My background in sheep and wool includes 4-H, student shepherd at Colorado State University, an internship at the US Sheep Experiment Station, Master's degree in Ruminant Nutrition, Research Associate at Montana State University and ASI Level II Wool Classer. Hand spinning is a hobby that I have renewed.

My husband, Mike, is the Garfield County Extension Agent and shears sheep "for fun." We have one son, Chris, age 3½ and our fat dog Dusty. I would like to extend an invitation for anyone to stop by the office if ever you are in Eastern Montana. Please do not hesitate to contact either myself or one of the directors if you have any questions, ideas or concerns. A new application with the current fees is enclosed.

PROMOTION COMMITTEE NEWS

Nick Isaacs Richard Corrado Jan Gilger

All standing committees need to have a board member involved to keep the board and membership informed. To facilitate the promotion committee activities and goals Nick Isaacs, Keldron, SD was appointed to serve as chairman and represent the committee to the board.

The table top display will now be kept in the National Secretary's office. If you need the attractive table top display contact Cheryl ahead of time, *three weeks if possible*.

TARGHEE breeders — Who will or is promoting your product? When you visit with your neighbors, business contacts etc. mention you are raising TARGHEE sheep and explain their advantages and the profit potential in raising them. Sound too obvious?

Here is another idea—most communities or regions have Ag Expo's in the winter or spring where Ag businesses of all kinds have a booth or display. Why not use our appealing table top display and order some free information booklets from the office and promote our great breed and it's breeders. The service may cost you a little bit but there are no free lunches and it will take some of the burden of cost off the National.

This is called "Grass Roots Power". We can build this breeds reputation from the bottom up; starting from around our kitchen tables and expanding from there. Caution: Using the table top display may take some planning! The larger Ag shows and local shows have entry deadlines. A place to start would be to ask the local Chamber of Commerce for information on their Ag Show.

Let's get started promoting TARGHEES—using this display. If we need to build another one, fine, we can do that. Or maybe your state TARGHEE organization may want to invest in their own table top display and Banner!

Promotion starts at home, we don't need to wait on the government to help us, bye golly lets start helping ourselves. Have a great TARGHEE year!

The Promotion Committee

The cut off date for data submission for the Sire Summary is May 1, 1996. Sire summary data will be sent by the American Hereford Association to arrive at the breed association office no later than June 1, 1996.

Farewell to Dr. Verl M. Thomas

Dr. Verl M. Thomas' year long battle with cancer ended on March 1, 1996. Verl was responsible for and took great pride in the Targhees maintained by Montana State University, Montana Ag Experiment Station at Bozeman, MT. One of the highlights of each year for him was consigning and attending the Montana Ram Sale in Miles City.

Verl was an advocate of the sheep industry, an accomplished ruminant nutritionist, an excellent instructor and friend of the students and a believer in performance testing and NSIP. Verl assisted many Targhee breeders in starting their registered flocks and provided support for established breeders. But most of all he was a friend to all that knew him.

A memorial scholarship has been established. Those wishing to contribute may send donations to: Verl M. Thomas Memorial Scholarship Fund; Animal & Range Sciences Department; 119 Linfield Hall; Montana State University; Bozeman, MT 59717.

PLEASE READ THE 1994 FINANCIAL STATEMENT

The office has been relatively quiet so I have been able to keep up with processing registrations and transfers as they come in. I trust you will have time to read this newsletter. It may arrive at a busy time ... but when aren't we all busy? If you have any comments or questions concerning the enclosed 1994 financial statement, I would be happy to address them.

Reminders from the office

- When registrations or transfers are required within 21 days of being mailed, a "rush" fee of double the normal fee is charged. Remember, write "RUSH" on the envelope and application.
- The office is in need of a TARGHEE video. I have had a couple requests to see TARGHEES on the range and/or in a farm flock situation. I will **THANK YOU IN ADVANCE** for the video you make in your spare time!

From Nancy MacLeod, Monroe, WI ...

The MacLeod TARGHEE dispersal went well. I would like to thank all the TARGHEE folks who have sent condolences or called, and especially those who took the time to come see our sheep. It meant a lot to me. Several new TARGHEE flocks were begun as a result of our dispersal — life continues in some very good ways. God's peace, Nancy.

NSIP UPDATE BY CHASE T. HIBBARD

(The following report was submitted by Chase Hibbard, Helena, Montana. Chase is active on the ASI-NSIP committee and is actively enrolled in NSIP. Thank you, Chase, for the updated facts and progress with NSIP!)

The NSIP Executive Board met during the ASI convention in Reno and considered some exciting developments. The move from Iowa State to the American Polled Hereford Association (APHA) in Kansas City is now complete. Data turnaround is a priority and records will be processed at least once per week. A new user's manual has been completed and is available for distribution. It is well written and logically walks producers through the entire process. That is a great contribution. Discussions about adding an accelerated lambing trait, a cutability trait and making the program PC interactive for input and reporting of data are taking place.

The most exciting development is that the Executive Board has contracted with Dr. David Notter of Virginia Polytechnic Institute to do a "Connectedness" study and develop a system to begin producing EPDs across-flock. This is the next level of sophistication above the FEDPs now in use. What is even more exciting is that of all the breeds he searched, he settled with TARGHEES because of the large number of producers on NSIP who have used common animals among flocks. In addition, Targhee producers have used similar reporting dates for weigh periods and have consistently repeated fleece data. Some initial EPDs have been developed on TARGHEE fleece traits and they are very impressive.

Dr. Notter will continue to develop EPD methodology incorpo-

rating multiple-trait capability (NSIP is now single trait), and will refine the genetic correlation between traits and heritability estimates. When he has the TARGHEE data set, he will work on Polypays and Suffolks.

It is expected that Dr. Notter's work will be completed by fall and submitted to the APHA. When incorporated into the system, we will have moved into the next generation of sheep records with the ability to predict genetic value at the most advanced level. The breed association must then decide how to best use this powerful information. An exciting possibility would be to publish a sire summary for the breed similar to the major cattle breeds. Another possibility would be to move toward a performance pedigree for registered animals similar to what has been very successful in the swine industry.

It's gratifying to see that progress is finally being made in the timeliness of records processing, the rapidly approaching EPD across-flock capability and that TARGHEES are out in front of this important effort.

UPDATES ...

The 21st Annual Maryland Sheep and Wool Festival will begin Friday, May 6, and will extend through Sunday, May 8. Contact Natalie Glunz, Sheep Show Coordinator, 614 East Walnut Street, Palmyra, PA 17078 or call 717-838-6863 for details. The Sheep Show Committee hopes that you will consider taking part in their events.

The 1994 Harvest Sheep and Wool Festival is scheduled for September 24-25, and will be held at the Salem County Fairgrounds, Woodstown, New Jersey. There will be ongoing demonstrations in shearing, working dogs, spinning and weaving to educate the public of the importance of American wool and lamb. If you wish to support this event, call 609-769-3694 or write Richard Tucker, 52 Pleasant Hill Road, Woodstown, NJ 08098.

Congratulations to Maxine Korman, Saco, Montana, for the first place ram fleece and son Scott for the second place ewe fleece at the Denver Stock Show. Scott won first place ewe fleece at the 45th Annual Harlem Seed Show, Harlem, Montana. His brother Jeff exhibited the first place ram fleece that went on to win the Sweepstakes. Congratulations again and thank you for exhibiting quality TARGHEE fleeces!

SHOWCASE TARGHEES AT TOP OF THE ROCKIES

Spring is just around the corner and with spring I think of the new life it brings. For our family, this is certainly a new beginning with adjusting to the new surroundings. Our house is becoming a home as each box is unpacked. Moving and relocating is a test for one's patience.

Please accept my apology for the lack of timeliness when processing registration certificates. My estimation on time needed to set up the office (and the household) was not accurate! Feel free to call me at 219-477-3889 with any problems or concerns. Again the new address is PO Box 310, Kouts, IN 46347-0310.

Enclosed please find the 1993 Annual Report of the U.S. TARGHEE Sheep Association. As always, the report includes the Association's financial statement. I hope you will look through the report, and that you will share with me any comments or questions you have. We want to know what you think.

The 1994 National TARGHEE Show and Sale details are coming together. The unanimous approval by the directors to hold the National at the Top of the Rockies, Longmont, Colorado, July 14-15 may make for exciting opportunities for TARGHEE producers. When making your entries, remember you are showcasing the TARGHEE and it will be the first time many sheep producers have had the opportunity to see TARGHEES! The NSIP Yearling Ram Class will be a first for the Top of the Rockies. The TARGHEE producers participating in the 1994 National TARGHEE Show and Sale will show a strong, forward-looking spirit to the sheep industry. Watch for more details soon.

REMINDER — All NSIP Yearling Ram Entries must be shorn after February 20, 1994, and before April 1, 1994!
